

Scholarship Programs

The California Architectural Foundation (CAF) is dedicated to supporting those entering the architecture profession. Our generous donors invest in CAF's scholarship programs to help individuals at critical moments in their professional journeys, ensuring that talent and dedication, not financial barriers, determine success in the field of architecture.

Chester & Diana Widom Architectural Education Scholarship

Making the leap from community college to architecture school? This scholarship supports California residents who have been accepted into a NAAB-accredited architecture program. Use funds for tuition, supplies, or anything that enhances your architectural education.

Mel Ferris Architectural Scholarship

Already in architecture school but need financial support? This scholarship helps university students in California's NAAB-accredited programs who demonstrate both financial need and outstanding academic performance.

Paul W. Welch Jr. ARE Scholarship

Ready to become a licensed architect? This scholarship covers the costs of your ARE and California Supplemental Exams, removing financial barriers from your path to licensure.

Robert J. Kain Healthcare Design Education Scholarship

Passionate about designing healing environments? This scholarship supports California residents studying architecture who want to specialize in healthcare facility design.
